6. What we don't do?

6.1. Financial Advice

The Administrator does not provide financial advice.

We may only give you information about our investment products (of a factual or administrative nature) and we may not give you advice on whether any of the investment products we offer is suitable for your risk profile and investments needs.

You must not rely on any written, spoken or implied communication from us as investment advice, or recommendation to invest in or change your investment.

6.2. Guarantees

We do not provide a guarantee on the investment value of your investment nor do we guarantee the performance of them.

The market value of investments may fluctuate, and past performance is not necessarily a guide to the future. Your investments are generally medium to long term investments. You carry the investment and market risk which may include the possibility of losing capital.

6.3. Losses incurred

By submitting an investment application or instruction to the Administrator, you accept the risks associated with email or fax communication and understand that the Administrator shall not be liable for all and any losses that you may incur, in the event that the Administrator has not received your communication, whether due to the failure, malfunction or delay of any networks or electronic or mechanical device or otherwise. The Administrator will not be liable to make good or compensate you or any third party for any damages, losses, claims or expenses resulting there from.

Other losses that the Administrator will not be responsible for are as follows:

We will carry out instructions at the earliest possible opportunity subject to legislation and our administration procedures and unit trust limitations
- The delayed sale of some or all of your investment due to ring-fencing. 'Ring-fencing' is the separation and delayed sale of units in a unit trust fund. It is caused by the large sale of units above a certain threshold in a unit trust fund. Ring-fencing makes sure that the sale of a large number of units will not force us to sell the underlying assets at a price which could negatively affect Investors in the unit trust fund. We may delay the payment or reinvestment of the proceeds of the sale of units.

6.4. Cooling-off period

You cannot cancel the investment and there is no cooling-off period. You can however submit a redemption instruction and we will sell units at the ruling market price.

8. What fees and charges do you pay?

There are different types of fees that are levied on your investment that will reduce the underlying value of your investment.

The fees are different across the range of portfolios as well as the class of portfolio. Therefore the portfolio and class of portfolio you choose will determine the ultimate fees that you pay.

All fees and charges applicable to the your elected investment portfolios can be found in the [Portfolio Characteristics and Objectives Document](#) available on the website, or from your Financial Advisor.

The types of fees that could be levied are as follows:

8.1. Initial Management Fee

Certain Managers may charge an initial fee on your investment, including on switches into an Investment Portfolio.

8.2. Annual Administration Fee

The annual administration fee will be dependent on your portfolio selection. All investments into third party portfolios will attract an administration fee of 0.30% (excl. vat), whilst any investment made into a Partner Portfolio will only be subject to a 0.15% annual administration fee. Please refer to our [Portfolio Characteristics and Objectives Document](#) for full details on all portfolios on offer.

The fee is levied monthly in arrears by deducting units from your underlying Investment Portfolios to the value of the fee owed. The fee is deducted proportionally from the underlying Investment Portfolios within your investment.

8.3. Annual Management Fee

Managers charge annual management fees, which are incorporated into the daily unit price of the portfolio. These fees vary across the range of portfolios as well as the class of portfolio, therefore the portfolio you choose will determine the fees which you incur.

All fees and charges applicable to your selected investment portfolios can be found in the portfolio Minimum Disclosure Documents available from your Financial Advisor.

8.3.1. Financial Advisor Initial Fee

If you and your Financial Advisor agree to an initial Financial Advisor fee (as indicated in the application or any other written communication accepted by the Administrator), we will deduct the agreed amount from the investment before the investment is made.

8.3.2. Financial Advisor Annual Fee

If you and your Financial Advisor agree to an annual Financial Advisor fee (as indicated in the application or any other written communication accepted by the Administrator), we will deduct the fees by selling units from the portfolio and pay the amounts to the Advisor monthly.

8.3.4. Redemption Fee

We do not charge any fees when you withdraw from your unit trust funds.

8.3.6. Reporting of Fees

Your investment statement will show the fees that are charged on your investment, except for the fees mentioned above that are included in the price of your portfolio.

9. When can you access your money?

You may request a redemption from your investment (either part of in full) as well as a request that a regular redemption be loaded on your investment.

Once you withdraw your investment, you cannot replace it with a new contribution. For example, if you contribute R30 000 this tax year, and then withdraw some of you savings, all further contributions will be taxable.

10. What legislation and regulations govern your investment?

The following are some of the main acts and regulation that governs your investment and the parties to this investment agreement. Amendments to or replacement of the legislation and directives issued by regulatory authorities may change the terms and conditions of your investment.
